We had a great time at the [Lasang Pinoy NWA](#) ribbon cutting and grand opening in Downtown Rogers!

Owner Maria Smith shared her journey of joining the Rogers Lowell Chamber before opening a family owned and operated scratch kitchen inspired by the rich culinary heritage of the Philippines. Her passion and dedication truly shine through in her testimonial and her work.

We were thrilled to celebrate the grand opening of [The Farm by Pediatrics Plus!](#)

This innovative, nature-based therapy platform blends traditional pediatric services - like speech, occupational, physical therapy, and applied behavioral analysis - with the healing power of nature. The Farm features vegetable gardens, greenhouses, walking trails, therapy gyms, and even a barn and chicken coop with animals like sheep, goats, and miniature horses.

Governor Sanders joined the celebration and shared how this unique model aligns beautifully with Arkansas's agricultural roots. Congratulations to Pediatrics Plus on this exciting new chapter!
